² Howard University is not a part of the Interior Department. It was incorporated by act of Congress of March 2, 1867, as "a university for the education of youth in liberal arts and sciences under the name, style, and title of Howard University." The first appropriation to the university from the United States Government was made on March 3, 1879, and each year since Congress has continued to make appropriations for the maintenance and development of the university. Such appropriations are required to be expended under the supervision of the Secretary of the Interior. The total university budget for the fiscal year 1926-27 is \$940,000, including \$358,000, remaining of \$370,000 appropriated by Congress for a new building for the medical college. This sum was approved by the Comptroller General as expendable after 1925-26, the year for which it was originally appropriated.

⁴ The governors and secretaries of the Territories are presidential appointees. The reports of the governors are made to the Secretary of the Interior. The organization of the courts of Alaska and Hawaii are shown on pp. 133, 134.

¹⁸ This institution is managed by a board of trustees, but certain duties in connection with the administration are under the supervision of the Secretary of the Interior (see p. 128).

NATIONAL ADVISORY COMMITTEE FOR AERONAUTICS

The National Advisory Committee for Aeronautics was appointed by the President, pursuant to act of Congress approved March 3, 1915 (naval appropriations act, Sixty-third Congress). Its membership consists of two officers of the Army, two officers of the Navy, a representative each of the Smithsonian Institution, the Weather Bureau, and the Bureau of Standards, with five additional persons acquainted with the needs of aeronautical science, or skilled in aeronautical engineering or its allied sciences. All the members, as such, serve without compensation. The duties of the committee are to supervise and direct the scientific study of the problems of flight; also to direct and conduct research and experiment in aeronautics. Under the rules and regulations approved by the President, technical subcommittees have been established whose duties are to aid in determining the problems in their respective branches of the aeronautical field to be scientifically attacked, and to endeavor to coordinate the research and experimental work involved in the study of the problems agreed upon. These subcommittees are composed in part of specially appointed representatives of the Army and Navy Air Services. The committee directly conducts research and experiments in aeronautics at the Langley Memorial Aeronautical Laboratory, at Langley Field, Va. The entire committee meets twice a year, in October and April; the executive committee holds regular monthly meetings and special meetings as necessary.

COLUMBIA INSTITUTION FOR THE DEAF

Patron ex officio.—Calvin Coolidge, President of the United States.

President.—Percival Hall, Kendall Green, Washington, D. C.

Directors.—Wesley L. Jones, Senator from Washington; Addison T. Smith, Representative from Idaho; Sol Bloom, Representative from New York; Theodore W. Noyes, Frederic A. Delano, Howard L. Hodgkins, and Vernon Kellogg, citizens of the District of Columbia; Ernest G. Draper, citizen of New York; William E. Humphrey, citizen of Washington; the president and the secretary of the institution.

Secretary.—Rev. Ulysses G. B. Pierce, Washington, D. C.

Treasurer.—H. Ralph Burton, Washington, D. C.

Columbia Institution for the Deaf is a corporation established in 1857 by private enterprise. It is now maintained by direct appropriations by Congress, by tuition fees, and by endowment. The act of Congress in 1857 incorporating the institution allowed \$150 per annum from the United States Treasury for each indigent pupil from the District of Columbia. In 1858 Congress granted \$3,000 a year for five years for salaries and incidental expenses of the institution, and authorized free admission of deaf and dumb or blind children of men in the military or naval service of the United States. In 1865 Congress provided for the transfer of the blind children and removed the words "and the blind" from the corporate name of the institution. In 1864 Congress authorized the institution to confer collegiate degrees. With this new departure Congress made a considerable increase in its annual grants and provided that a limited number of students be admitted to the collegiate department from the several States and Territories free of charge. The number of students thus admitted free was at first 10; the number has been increased by acts of Congress until now it is 125. In 1887 the college was opened to young women and in 1891 a department for the training of hearing teachers of the deaf was established.

AMERICAN NATIONAL RED CROSS

Vice chairman.—James L. Fieser, Washington, D. C., in charge of domestic operations; Ernest P. Bicknell, Washington, D. C., in charge of insular and foreign operations.

The American National Red Cross is organized to furnish volunteer aid to the sick and wounded of armies in time of war; to act in matters of voluntary relief with similar national societies of other governments through the international committee and the Government; to carry on a system of national and international relief in time of peace for mitigating the sufferings caused by pestilence, famine, fire, floods, and other great national calamities; and generally to promote measures of humanity and welfare. The work of the Red Cross in the United States is carried on largely through the chapter, the local unit of organization. The national headquarters are located at Washington, D. C. It receives no direct Federal appropriation, its activities being maintained by voluntary contributions and donations. In accordance with the terms of its character, it reports annually to the Secretary of War, and its accounts are audited by the War Department.

The Pan American Union (formerly International Bureau of the American Republics) is the official international organization of all the Republics of the Western Hemisphere, founded and maintained by them for the purpose of exchanging mutually useful information and fostering commerce, intercourse, friendship, and peace. It is supported through their joint contributions, each nation annually paying that part of the budget of expenses which its population bears to the total population of all the Republics. Its general control is vested in a governing board made up of the diplomatic representatives in Washington of all the Latin-American Governments and the Secretary of State of the United States. It is strictly international in its scope, purpose, and control, and each nation has equal authority in its administration. The Pan American Union occupies and owns a monumental building on extensive grounds in Washington, D. C., overlooking the White House park.

The Fifth International American Conference, held in Chile in 1923, changed the name to Pan American Sanitary Bureau. It was established upon a treaty basis by the Seventh Pan American Sanitary Conference, which met in Havana, Cuba, in 1924. The bureau works in close cooperation with the Pan American Union, and acts as a clearing house of sanitary information of the Western Hemisphere. ¹ The pay of the General of the Armies of the United States is \$13,500 per annum, with such rental and subsistence allowances as may be fixed by the President.

NOTES.—The maximum allowances which will accrue to an officer below the grade of brigadier general, to a brigadier general, or to a major general, will be such that the total of base pay, pay for length of service, and allowances for subsistence and rental of quarters will not exceed \$7,200, \$7,500, and \$9,700, respectively, per annum.

The total of base pay and pay for length of service of an officer below the grade of colonel shall not exceed \$5,750 per annum.

Increase of pay for foreign service, and commutation of quarters, heat, and light are repealed, effective July 1, 1922.

In addition to the rates of pay shown in the table, commissioned officers receive a daily allowance for "subsistence" and "rental of quarters." The subsistence allowance is payable at all times, and for officers without dependents is a fixed amount. The amount of subsistence allowance of officers with dependents depends upon rank and length of service. The amount of rental allowance depends upon the duty status of the officer—whether or not he is assigned Government quarters for himself and dependents, his rank, and length of service.

NOTES.—The rates of pay shown in the above table become effective on July 1, 1922, for all commissioned officers except: That those officers whose base pay plus longevity (under the act of May 13, 1908) is, on June 30, 1922, in excess of their pay as given above shall continue to receive the base pay plus longevity to which entitled on June 30, 1922, until such time as their pay under the above table exceeds this amount. An officer's rental and subsistence allowances according to grade and length of service, become effective July 1, 1922, whether or not he retains his old rate of pay.

Rental allowances do not accrue to any officer on shore duty furnished public quarters or to officers without dependents when on sea or field duty.

When the total of pay and allowances exceeds \$7,200 the rental allowance shall be reduced by the amount of the excess above \$7,200.

In addition to the rates of pay shown in the table, commissioned officers receive a daily allowance for "subsistence" and "rental of quarters." The subsistence allowance is payable at all times, and for officers without dependents is a fixed amount. The amount of subsistence allowance of officers with dependents depends upon rank and length of service. The amount of rental allowance depends upon the duty status of the officer—whether or not he is assigned Government quarters for himself and dependents, his rank and length of service.
